1  
2 **Q. What is your name?**

3 A. Leslie Hendrix

4 **Q. What is your educational background?** [Exhibit – resume]

5 A. I have a bachelor's degree in mathematics and Ph.D. in statistics from the  
6 University of South Carolina.

7 **Q. How did you become involved in rate cases brought by**  
8 **Utilities, Inc.?**

9 A. I am a residential water customer of Utilities, Inc. and have been  
10 dissatisfied with my service and prices for several years. After bringing  
11 Utilities, Inc. before the PSC several years ago, I have become active in  
12 rate case hearings.

13 **Q. Where do you live?**

14 A. 125 Dutch Point Road Chapin, SC 29036

15 **Q. What water service do you have at your house?**

16 A. The City of Columbia provides finished water at the entry to my  
17 neighborhood's water distribution system. The City bills Utilities, Inc. for  
18 this water and this bill is divided among my neighbors and me. We also  
19 pay a base charge to Utilities, Inc. (currently \$16.53) and a distribution  
20 charge (currently \$2.91 per 1,000 gallons). Utilities Services of South  
21 Carolina is the Utilities, Inc. company that bills my water.

22 **Q, What kind of a system is that?**

A. This type of water system is called a “distribution-only” or “pass-through” system.

**Q. How do your water rates compare to out-of town City of Columbia water rates?**

A. We pay more at Dutchman shores because we pay a charge for the pass-through. A brief comparison for 6,000 gallons usage is offered here.

*City of Columbia out of town customer*

10.20 Base (first 300 ft<sup>3</sup> included)

3.67 per 100 ft<sup>3</sup> (beyond the first 300)

6,000 gallons (roughly 800 ft<sup>3</sup>) usage roughly \$28.55

*Dutchman Shores resident*

\$16.53 base

\$2.91 per 1,000 gallons distribution (maintain pipes to distribute water)

\$5.1845 per 1,000 gallons\*

6,000 gallons usage roughly \$63.10

\*Supply charge varies according to neighborhood usage and water loss on the distribution system (typically \$5.00 per 1,000 gallons or more). Rates passed through to Dutchman Shores residents by City of Columbia are \$255.31 base plus \$3.49 per 1,000 gallons for first 10,000 ft<sup>3</sup> and \$3.30 for every 100 ft<sup>3</sup> after that. Note that the \$255.31 for the 6” meter is divided among roughly 149 residents of Dutchman Shores and if divided equally would amount to less than \$2.00 per customer (flat charge). The current amount “passed through” on bills is over \$5.00 per 1,000 g, which is significantly larger than the approximately \$3.49 charge to the utility. The utility is supposedly capping the amount charged for water loss at 10% but I question whether this is being accomplished due to the disparity in the amount on a customer bill versus the amount charged to the utility by the City.

**Q. What are the average UI water bills for a pass-through system for a family of four?**

A. My house is a family of five. Our water bill usually displays average usage. Last month it was \$69.65 for 6,350 gallons. I do not remember a time when it was below \$60.00.

**Q. For UI customers, does there need to be a cap on lost water?**

A. Absolutely. The current rate structure which generates my bill allows for Dutchman Shores residents to be billed for up to 10% water loss. There is no plausible way to audit the water loss and previous attempts by me to reconcile numbers were in futility. Office of Regulatory Staff performed an audit on behalf of Dutchman Shores residents and numerous discrepancies were found in the billing. Water loss should be capped and it should be a percentage of *the customer's metered usage*, not a percentage of the utility's metered usage.

**Q. Have you ever complained to Utilities, Inc about your water problems?**

A. Yes.

**Q. Does UI have a complaint office in South Carolina?**

A. No. I call the customer service number when I have a complaint.

**Q. Does Carolina Water Service have any employees in South Carolina?**

1 A. As far as I know, CWS has no employees whatsoever, They are all  
2 Utilities Inc. employees. Their shirts all say Utilities, Inc. and so do the  
3 vehicles they drive.

4 **Q. Is there a problem with the way CWS calculates its**  
5 **investment risk?**

6 A. I have not yet scrutinized the statistical models used for this rate case.  
7 However, there is one flaw that is consistent from one rate case to the  
8 next. CWS (and all Utilities, Inc. companies) should base its risk on the  
9 size of Utilities, Inc. the parent company, that operates in 23 states.  
10 Utilities, Inc. borrows the capital and funds projects. Investors look at  
11 Utilities, Inc when investing their money, not its individual companies.  
12 Utilities, Inc. Utilities, Inc. is a portfolio company for AIG/ Highstar Capital  
13 and on its website to attract investors it says "...stable long-term  
14 contracted or regulated cash flows provide significant downside protection  
15 resulting in attractive risk-adjusted rates of return"

16

### **Education**

Ph.D. in Statistics, University of South Carolina, 2011  
B.S. in Mathematics, University of South Carolina, 2005

### **Academic Positions and Background**

Instructor – University of South Carolina, Department of Statistics, 8/2009-present – full lecturing responsibility for 500 students per semester and Course Coordinator for STAT 110  
Graduate Teaching Assistant - University of South Carolina, Department of Statistics, 8/05-5/2009 – full lecturing and grading responsibility for six 50-student sections of STAT 205. “Overall Instructor Rating” scores for the Fall 2006 through Fall 2008 were 4.71, 4.90, 4.83, 4.81, 4.67, and 4.84 out of 5, respectively  
Graduate Instructional Assistant – to Dr. Walter Piegorsch, University of South Carolina, Department of Statistics, 8/04–5/05

### **Statistical and Mathematical Software / Educational Technology**

BILOG-MG, Maple, Matlab, Minitab, OpenBUGS /WinBUGS, R, SAS, SPSS, StatCrunch / Blackboard, Web/I-clicker, StatCrunch, Texas Instruments 83/84/89/89 Titanium Calculators, Tablet PC

### **Research Interests**

Psychometrics - Item Response Theory, Posterior Predictive Model Checking, Multidimensional Testing Data Analysis, Markov Chain Monte Carlo (Dissertation titled “FAST EM BASED POSTERIOR APPROXIMATION FOR IRT ITEM PARAMETERS”); Statistical Education

### **Invited Talks**

“Assessing Model Fit in IRT using PPMC Methodology without MCMC.” Departmental Colloquium, Statistics Department, University of South Carolina, September 11, 2008

### **Meeting Presentations**

“Comparison of PPMC using the EM+E Method versus MCMC.” With Brian Habing. Annual Meeting of the American Educational Research Association, April 9, 2011, New Orleans, La. (Competitive Submission – acceptance rate typically 60%)

“Comparison of the EM+E Method to MCMC including PPMC Checks.” With Brian Habing. Annual Meeting of the National Council of Measurement in Education, April 9, 2011, New Orleans, La. (Competitive Submission – acceptance rate typically 60%)

“EM+E Method for Item Parameter Posterior Approximation and PPMC.” With Brian Habing. Annual Meeting of the national Council of Measurement in Education, May 1, 2010, Denver, Co. (Competitive Submission – acceptance rate typically 60%)

“MCMC Estimation of the 3PL Model using a Multivariate Prior Distribution.” With Brian Habing. Annual Meeting of the National Council of Measurement in Education, April 15, 2009, San Diego, Ca. (Competitive Submission – acceptance rate typically 60%)

“Assessing model fit in IRT using PPMC methodology without MCMC.” With Brian Habing. Annual Meeting of the National Council on Measurement in Education, March 27, 2008, New York, NY. (Competitive Submission – acceptance rate due to space limitations 35%)

“Importance of Correlation Structure in Approximating the Posterior Distribution in IRT Model Fit.” With Brian Habing. Annual Meeting of the National Council of Measurement in Education, March 28, 2008, New York, NY. (Competitive Submission – acceptance rate due to space limitations 40%)

“Detect Based Hypothesis Test for Unidimensionality.” With Meng Wu and Brian Habing. Annual Meeting of the National Council on Measurement in Education, April 11, 2007, Chicago, Il. (Competitive Submission – acceptance rate typically 60%)

### **Society Memberships**

American Educational Research Association  
National Council on Measurement in Education  
Psychometric Society

### **Selected Professional Service**

Pilot Implementer (Phase II) and Implementer (Phase III), SC Course Alignment Project, 2009-present  
Focus Group, StatsPortal Summit, 2010  
Textbook reviewer, Pearson, 2009  
Textbook reviewer, Bedford, Freeman and Worth Publishers, 2009  
Textbook reviewer, Oxford University Press, 2009  
Presentation proposal reviewer for the 2006-present National Council on Measurement in Education and 2009 American Educational Research Association Annual Meetings – typically review 3–6 paper/poster proposals per conference

### **Scholarships and Awards**

Best Oral Junior Presentation –Annual International Meeting of the Psychometric Society, 2010  
Citizenship Award - Department of Statistics, University of South Carolina, 2008  
Mu Sigma Rho Membership – National Statistics Honor Society, 2007-present  
Outstanding Graduate Instructional Assistant - Department of Statistics, University of South Carolina, 2006  
Graduate School Fellowship – Graduate School, University of South Carolina, 2005-2009  
William J. Padgett Scholarship – Department of Statistics, University of South Carolina, 2005-2008  
South Carolina National Guard Association Auxiliary Scholarship, 2005  
Jeong S. Yang Award for Excellence in Undergraduate Mathematics, 2005
